### STRATEGIC HIGHLIGHTS

While 2022 saw a drop in SUD utilization overall, there was an increase in clients seeking services for primary mental health and trauma treatment. Closed groups were started in fall; a Post Traumatic Growth Group for women ran two cycles. Groups in the local jail began with Snyder County, D&A psychoeducational group is provided once weekly.

### FINANCIAL/PERFORMANCE HIGHLIGHTS

2022 maintained a consistent level of utilization by referrals. There has been a drop-off in those clients from the Treatment Court system due to their level of turnover.

### LOOKING AHEAD

In 2023, the agency seeks to expand up to three additional therapists; to expand the scope of services to be offered to the community. These include: consistent experiential groups; expanding into parenting groups; working with families of individuals suffering with SUD; in the second half of 2023 we intend to have a beginner SUD mixed gender group.
